**JOINT COMPANY/UNION SAFETY COMMITTEE CONCERN FORM**

(Use Black Ink Only)

Case No. 88-143

Employee Name [Redacted] Employee Number [Redacted]

Department Radiation monitoring Bldg. 371 Phone [Redacted] Shift DAYS

I have previously discussed this concern with my supervisor:  Yes  No

Concern (briefly) There are not enough qualified monitors to run this building safely.

(Plant-wide Problem)

[Redacted] Employee Signature 11-9-88 Date

Immediate Supervisor Response (within 5 working days) Radiation Monitoring is experiencing some growing pains both in the need for additional personnel and in the amount and scope of our work. We are attempting to provide the proper mix between trained and untrained monitors, both with assignments and the use of selective overtime.

Supervisor Signature (legibly please) RG DelPino Date \_\_\_\_\_  
Direct Report Manager Signature \_\_\_\_\_ Date \_\_\_\_\_

**NOTE: Timeliness in completing this form is of the utmost importance.**

I am satisfied with the results.  
 I am not satisfied. Referral to the JCUSC for investigation because:

Management has deleted senior monitors in this bldg to the point where trainees are training rookies, rookies are left unattended, jobs are not being covered with proper trained monitors, seniors are being over worked and the safety of this building is being compromised daily

To be completed by the JCUSC Co-Chairperson(s)

Building 371

SAFETY CONCERN #88-143

Due to inaction on the part of your Management in answering your concern, we have asked that the concern be elevated to the HS&E Director level for resolution.

J. L. SanPietro and J. R. Erfurdt met and agreed on the following resolution:

J. R. Erfurdt and R. G. DePizzo will attend the Progression Committee Meetings until the program is back on track.

The paperwork for documentation of the Trainee's progression is in place and Trainers are in the buildings. The items mentioned in the letter dated 12/18/88 have been put in place. We feel your concern has been resolved.

Thank you for your participation in the Safety Program.
